

## Kristine Bergman, RID, OleeVue Designer of the Month

With over 20 years of experience in commercial and residential design, Kristine is nationally certified through NCIDQ and is a Registered Interior Designer with the State of Indiana. Using her educational background from Purdue University and extensive work experience, Kristine is skilled at leading the client through the interior design process with results that reflect the brand and image of the client. She has a thorough understanding of “green” building techniques and incorporates environmental sustainability into her design projects. She has been lead designer on new construction projects as well as large and small-scale renovations. Kristine is involved with the development of spaces from programming, space planning, finish selection and lighting design to the specification of furnishings, window treatments, artwork and accessories. Kristine’s specialties include Senior Living, Healthcare, Corporate Offices, Higher Education, and Faith-Based/Non-Profit.

*“As the lead Interior Designer on the Kroc Center project in downtown South Bend, I felt that Olee Creative turned my creative designs into reality. This was a very large new construction project, and their knowledge and attention to detail exceeded my expectations. They were always willing to take the time to discuss my concerns and respond to questions. They met all deadlines and in the end we had a beautiful product. I highly recommend their services for any size project.”*

## Monumental Staircase OleeVue Frosted Hue Film

Kristine's attention to detail and eye for design is truly breathtaking. It is evident as soon as you enter the Ray & Joan Kroc Corps Community Center in South Bend, Indiana. It was a pleasure working with Kristine to produce these stunning staircase graphics that so beautifully combine many visual elements to unite the space. Kristine's vision challenged our team to think "outside the box" with this fabulous custom collaboration!
